

The PDF for each session contains a Listening Sheet that should be filled out as husband and wife listen to the session. After listening to the session together, the husband and wife should then separately write out the answers to the discussion questions, and then discuss their answers with each other. If you are single, you can write the answers out and then discuss them with your pastor. After each session ask yourself these two important questions. How can I implement these things in my life? What one thing can I do THIS WEEK to achieve this goal?

### **Listening Sheet—Part Eight—How to Raise a Rebel**

Hypocrisy or \_\_\_\_\_ is acting one way at \_\_\_\_\_ and another way at \_\_\_\_\_.

If your child sees hypocrisy in your life, he will not \_\_\_\_\_ you.

Hypocrisy comes when you are more concerned about what \_\_\_\_\_ think of you than what \_\_\_\_\_ thinks of you.

You need to teach your kids \_\_\_\_\_, not hypocrisy.

When \_\_\_\_\_ in the home is out of balance, it will cause your child to be a rebel.

Authority out of balance can be seen when \_\_\_\_\_ dominate the home and \_\_\_\_\_ is a wimp.

It can also be seen when \_\_\_\_\_ is a tyrant.

God's authority is \_\_\_\_\_ and \_\_\_\_\_ but not heavy-handed.

When kids feel \_\_\_\_\_ and \_\_\_\_\_, it breed rebellion.

When kids are young, \_\_\_\_\_ need to be in charge of everything. As they get older, you give them more \_\_\_\_\_. By the time they are \_\_\_\_\_, they should be making most of their own choices, as they show \_\_\_\_\_.

An \_\_\_\_\_ response to children instead of love will cause rebellion.

In an angry home, \_\_\_\_\_ is out of balance.

Most people are angry because they are being \_\_\_\_\_, or they are worried about what others \_\_\_\_\_.

The \_\_\_\_\_ of man breeds anger in \_\_\_\_\_ and causes \_\_\_\_\_ in kids.

4. Is the discipline in your home balanced with love or anger?
5. Are you more concerned about what God thinks or what others think? How have you let this affect how you deal with your children?
6. As you evaluate these three areas—hypocrisy, authority out of balance, and anger—which one would you say is the biggest problem in your family? What can you do this week to change that?
